NOTES:

- Interment of cremated remains will be permitted only in appropriate rigid receptacles such as wood, metal, plastic or concrete.
- Height limit for monuments is 3 feet. Width limit for one grave is 30 inches. Width limit for two graves is 65 inches.
- All monuments erected or placed at the grave must be made of true granite, with the exception of military markers provided by the government.
- Inscriptions on headstones should not be offensive to Christian beliefs.
- Visitors are asked not to drive on the grass.
- Be aware that it usually takes more than 6 months after a burial, for the ground at a plot to stabilize. Even with regular care and attention, the process is very weather-dependent.
- Military headstones or plaques are obtained from the government by surviving family members.
- We prefer that military plaques be mounted on the back of the headstones.
- Surviving family members are responsible for adding death dates to existing headstones.
- The water is turned on by Mother's Day and turned off about mid-October.

Parish Cemetery
Fr. Richard G. Smith – Pastor

Effective Oct. 1, 2016

The Parish of St. Joachim - St. John the Evangelist operates the cemetery. It is a small parish cemetery with limited resources. The cemetery consists of two parts. The current cemetery is located at 325 Washington Avenue, Beacon. This cemetery was established in 1929. It covers over 20 acres and is known as the new cemetery.

The old cemetery is officially located at 60 Falconer St, but it is recognized as being at the corner of Grove Street and DePuyster Avenue, with its first burial dating back to 1866. There are no plots available for sale at the old cemetery.

The parish cemetery plays an important role in the spiritual life of our community of faith. The Catholic cemetery provides a place of refuge. It is a place of rest and hope; a source of contemplativeness and an atmosphere of solace allowing us to be secure in the knowledge that the faithful departed will find eternal joy. Christian burial is a religious act, a corporal work of mercy.

A Tomb of the Unborn was dedicated in 1996. A pavilion was built in 2011 to be used for committal services. The pavilion and the attending Memorial Wall were dedicated on Memorial Day, 2012.

Catholic cemeteries are special places, blessed by the Church to receive the mortal remains of the faithful departed and to be a place of comfort for the living. As such they require governance that preserves their Catholic nature. Conduct in the cemetery should reflect the dignity and respectfulness that a Catholic cemetery deserves and requires.

A list of veterans who are buried in our cemetery is maintained on our parish website to honor their memories. This list is updated about twice a year. To access this list go to the Parish Cemetery portion of the website. Then click on "Old Cemetery" or "New Cemetery". In each case, a photograph file will open showing the military headstone, footstone, or inscription of the veterans buried there. Click on a photo to enlarge it. Or click the word "Directory" above each photo file. A file, in spreadsheet format, of the veterans buried in the old or new cemetery, will open. The spreadsheet files contain the pertinent military information for each veteran buried here.

Rules and Regulations

To maintain the Catholic nature and pristine condition of the cemetery for every-one's reverent and respectful use, the following must be enforced:

- All persons shall be allowed access to the cemetery during daylight hours, observing the rules which are in effect and propriety due a Catholic cemetery. For safety reasons the cemetery is closed from dusk to dawn and whenever travel on the roads may be deemed hazardous, for example when the roads are covered in snow, ice or slush.
